Notice.

With this concluding number of the first volume of **The Philobiblion**, the Publishers gladly avail themselves of the opportunity of thanking their friends and subscribers for their kind encouragement and liberal support during the past eventful year.

Considering the extremely unpropitious times in which **The Philobiblion** was announced and issued, the Publishers take great pleasure in stating that its success has been sufficient to satisfy their expectations, and to warrant its further continuance.

The Philobiblion, therefore, will be continued another year, and, as heretofore, will be printed on India paper, and published monthly, at $2.00 per annum, invariably in advance. The first number of the second volume will be issued in January, 1863.

Those of our subscribers who have not already renewed their subscriptions for the ensuing year, will please remit the amount without delay. As only a limited edition of **The Philobiblion** is printed, it will in no case be sent to any address, after the subscription to it has expired.

All communications should be addressed to the Publishers,
